2027-2032 Transportation Improvements Program

Department

Public Works

Recommended Motion

Recommend to Richland City Council the adoption of the 2027-2032 Transportation Improvement Program.

Summary

RCW 35.77.010 requires local jurisdictions to prepare and adopt a perpetual six-year Transportation Improvement Program (TIP). The City's TIP is combined with other state and local agency TIPs into a state-wide STIP. The STIP is used primarily to manage the expenditure of state and federal funds. For the City, the TIP indicates the priority transportation improvements for which the City intends to apply for state and federal grant funding. Richland's long-standing practice of preparing its TIP involves multiple public involvement opportunities that include the involvement of the Parks & Recreation Commission and Planning Commission. The draft TIP will be posted on the City's website with an opportunity to provide comments. Public meetings to consider the TIP will be held by the Parks & Recreation Commission and the Planning Commission. The Parks and Recreation Commission is requested to vote to recommend approval of the proposed TIP. RCW 35.77.010 requires a public hearing before adoption of the City's TIP. A public hearing will be advertised and held at the Council Meeting to accept additional public comment on the topic. Barring any compelling public testimony to the contrary, staff will recommend a resolution for adoption of the TIP if recommended by the Parks and Recreation Commission and the Planning Commission.

The TIP documents are located online at: <https://www.richlandwa.gov/departments/public-works/traffic-and-streets/transportation-planning>

Fiscal Impact

While the Transportation Improvement Program does not impact the budget itself, it will inform future Capital Improvement Program budgeting, and it is used to coordinate grant funding with the Washington State Department of Transportation.
