COUNCIL WORKSHOP COVERSHEET

Council Date: 08/23/2016

Department: Public Works

Key Element: Key 2 - Infrastructure & Facilities

Subject:

Americans With Disabilities Act Transportation Transition Plan (15 Minutes)

Summary:

The purpose of the workshop is to provide City Council with a first touch briefing on Public Works' preparation of an American's with Disabilities Act Transition Plan for public right of way accessibility. An ADA Transition Plan, once complete and adopted by the City Council, demonstrates the City's commitment to meet the objectives of the ADA in a thoughtful way. Public Works staff is preparing the Plan for public and Council consideration later in the year. Public Works staff will provide a brief update to Council on the progress towards completing an ADA Transition Plan, including the elements of the plan, the public input process, and the importance of the Plan in relation to other City transportation needs.

Key 6 - Community Amenities

Subject:

Smoking and Use of Electronic Vapor Products in Portions of Parks (15 Minutes)

Summary:

The Parks and Recreation Commission (PRC) has discussed smoking and use of electronic vapor products (EVP) in portions of City parks at two workshops and one regular meeting. The PRC is recommending that smoking and the use of EVPs be prohibited in certain high use park facilities and places where children congregate. The recommendation represents a partial prohibition and follows suit of numerous other local governments in Washington.

The PRC recommends that smoking and EVPs be prohibited in the following locations.

- Docks and marinas
- HAPO Community Stage spectator area south of the east/west sidewalk
- Playgrounds (within 25')
- Sports facilities with bleacher seating
- Aquatic facilities
- Groomed beaches

The PRC did not discuss potential penalties for violating a prohibition and deferred the item for Council consideration.

State law, including new law created in 2016 via SB 6328 permit the City to implement the PRC's proposal.
