COUNCIL WORKSHOP COVERSHEET

Council Date: 09/26/2017

Department: City Attorney

Key Element:

Subject:

Small Cell Deployment (15 minutes)

Summary:

Staff will present an overview of the issues surrounding Small Cell Deployment and introduce draft ordinances identifying recommended changes to the Richland Municipal Code. The purpose of the presentation is to familiarize Council with the issue before sending the draft ordinances through the review process, which will involve review and recommendation from the Planning Commission.

COUNCIL WORKSHOP COVERSHEET

Council Date: 09/26/2017

Department: City Attorney

Key Element:

Subject:

SR240 - Kingsgate Intersection (15 minutes)

Summary:

The purpose of this workshop session is to brief Council on WSDOT's efforts to complete the new traffic signal at the intersection of SR240 and Kingsgate Way. The City provided funding, based on a WSDOT-prepared engineer's estimate, through an agreement executed earlier this year. After construction began, earlier this summer, both the City and WSDOT identified design deficiencies. WSDOT stopped construction and has since removed some installed features in preparation for implementing a new design. WSDOT South Central Region leadership staff will attend the workshop to discuss the status of the project and the plan to successful completion.
